

CDG to Exhibit at the PNAA Annual Conference

February 5, 2010 – CDG, a Boeing Company will participate as an exhibitor and sponsor at the upcoming Pacific Northwest Aerospace Alliance (PNAA) Annual Conference in Lynnwood, WA on February 9-10, 2010.

The PNAA Annual Conference is the only major aerospace conference held annually in the Pacific Northwest. This conference is designed to connect representatives in the aerospace industry for two days of networking, one-on-one sessions, and keynote presentations.

CDG will highlight its broad range of services available to help support aerospace manufacturers and suppliers in achieving efficiency improvements and reducing costs associated with authoring and management of technical data and engineering related documents. CDG offers a broad scope of engineering services to support the full product life cycle, from initial design and production, to engineering change management, to development of technical product support and training documentation. CDG services also include technical authoring, technical publications standards expertise (including ATA and S1000D standards), document and content management solutions, and Lean process improvement.

For more information about the PNAA Annual Conference, visit the conference web site at http://www.pnaa.net/Pages/Events/Annual_Conference.html.
